## Body Slimmer Plus :: BSV - 2000

BSV Squirrel has come up with a new slimming device called Body Slimmer. The proper and regular use of this machine helps you to achieve a fit & active body. The different movement that are performed on the machine helps you to work out on the specified part of the body that you want. This helps you get a proper toned & well shaped body. The shaking effect of the machine helps in the improvement of the blood circulation & also the clearance of the toxins of our body.

### Our Research

Backed by decades of research, Body Slimmer provides numerous health benefits, and is ever increasing in popularity. Just 10 minutes a day is all that is needed to get you on your way to achieving your health and fitness goals.

### Professional Knowledge

BSV have put the knowledge of experienced health and technical professionals into their product, to develop a machine and exercise program that is far superior to their competitors. There are many within the Slimmer industry demonstrating a lack of knowledge and ethics, and are putting the health and safety of their customers at risk.

### Features & Quality

Body Slimmer have a full range of frequency. Relieves tiredness quickly, melt body fat, soothe insomnia efficiently, enhance stamina, improve digestion, improve blood circulation to keep health goo, active joints and soothe arthritis ache.

Basic Body Slimmer Plus Features include :

- Ergonomic structure with fashion streamline design !

- Large LED display shows time, speed and body fat !
- 5 built-in workout programs !
- Wide range of speed to fit different slimmer needs !
- Durable steel frame with TPR covering ! Cover of platform can be changed easily without replacing TPR plate !
